RIEGER FOR MERCEDES C-CLASS (W202)

In the rear wing without brake light, an adapter plate is mounted instead of the lamp. We recommend the use of a sports rear muffler, with the standard rear muffler it can lead to merges on the rear skirt.

ATTENTION

Models from 1995 must be refitted with original fog lights and the steel bumper beam of the model 1994 when mounting front bumper.

It is necessary to registrate via single approval when mounting the wide body I kit with wheel/tire combination. The certification (§ 21) is possible at RIEGER.

MILESTONE OF TUNING

RIEGER FOR VW GOLF 4

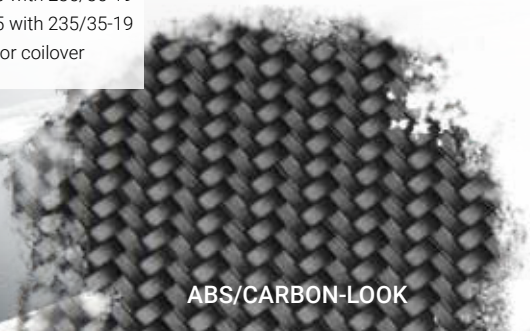

AZEVM

VA 8,5Jx19 ET 35 with 235/35-19

HA 9,5Jx19 ET 35 with 235/35-19

Spacers required for coilover suspension

ABS/CARBON-LOOK

ATTENTION

The front bumpers 59017/18/06/50 have got an integrated grille with a grill and are delivered with an engine bonnet and aluminium mesh.

The front bumper 59018 in combination with the integrated front indicators shows an amazing look and often solves problems according to the registration of eye lids without recesses for indicators.

▲ = free registration: Article is e.g. delivered with ABE (general operating permit) (no entry required).

● = subject to registration: Article is e.g. delivered with certificate. (Registration according to §19 StVZO required).
